STEINWAY & SONS

The 88 Keys Campaign

of Campbell Learning Center

in partnership with Steinway Gallery of Houston

Campbell Learning Center, a 501(C)3 not-for-profit organization, takes pride in embarking on a new journey with Steinway Gallery of Houston. *The 88 keys campaign*, named for the number of keys on a standard piano, allows the Houston community an opportunity to be part of history in the making. Individuals and groups are able to fund a particular key or set of keys towards the purchase of Steinway & Sons Model 1098 Upright Piano. Each individual key of this monumental acquisition acts as a building block towards the longevity and sustainability of the CLC program. Each key will reflect an unique passion, a hopeful dream, a giant step towards a musical future that impacts generations to come. We invite you to join us on this journey.

Come tell your story, share your love, and be part of an enduring legacy.
